

# British Empire and Commonwealth Museum

## Safari Time!

You are about to go on a safari, visiting countries of the British Empire and Commonwealth, seeing many animals on your way. Use the clues below and the information in the museum to help you find them. Good luck!

The safari starts in the Luxurious Trade gallery.

1) Which animals' fur was used to make top hats? Try stroking its pelt.

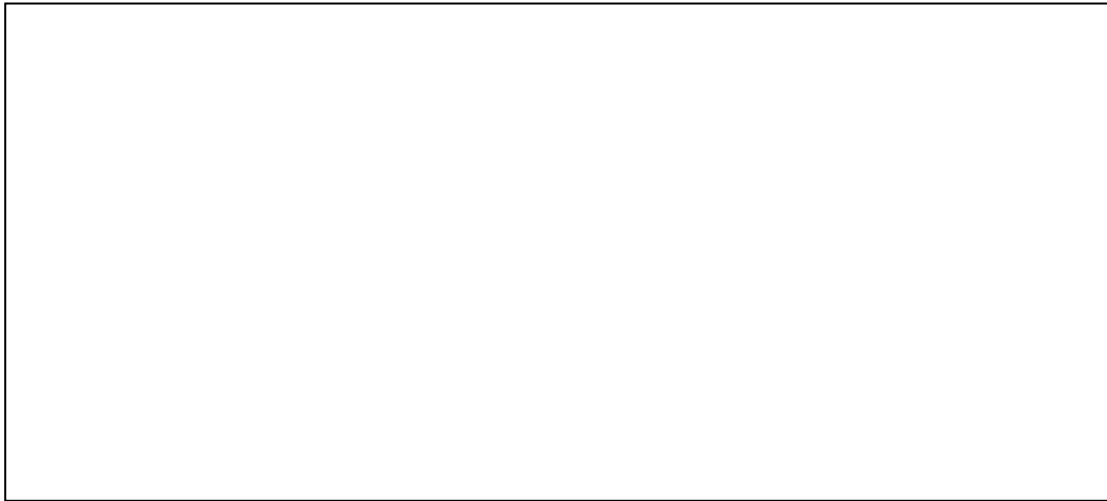

---

2) Now look in the glass cabinet behind you. This animal went from being underwater to being underwear! What animal is it?

---

Go through to the Islands of Empire gallery and look at the picture wall.

3) Can you find the picture of a famous extinct bird? Draw a picture of it here:

4) Which other birds can you find on the picture wall?

---

5) This animal looks cuddly, carrying its baby, but in real life it's vicious! What is it, and what on its paws makes it dangerous?

---

Go through to the gallery Conflict and Control. Find the enormous painting.

6) What are the huge, decorated animals? What are they being used for?

---

Go through to the gallery called **Britain's White Colonies**. Look for the stuffed animals.

7) Name three animals in this cabinet from Australia that are not found in the UK.

---

8) Which two pets in the UK are pests in Australia? Take a guess, and then read the labels below to find out if you were right!

---

Continue through to the **Colonial Families** gallery.

9) Look in the cabinet full of children's toys. Which stuffed toy animal can you see? Which type of country do you think these animals come from?

---

10) Turn around. Which animal's head is looking down at you?

---

Go through to the **Forest, Plain and Jungle** gallery.

Find all the animals mentioned in the word search and in the gallery. Some animals are there in pictures, in cabinets, and as clothes!
